I truly enjoyed my time in Memphis. It was exciting to see a group of like minded individuals coming together for a good cause. The opportunities to share stories and experiences with one another was great. I can not begin to explain my experience at the Civil Rights Museum in Memphis. I would recommend anyone visiting Memphis to make sure they go and visit this wonderful museum. My trip to Memphis was both educational and fun. The people I met were great and we all shared an experience that we will never forget.

"I am truly glad I had the opportunity to be a part of this experience."

From a basketball point of view the experience was fantastic. To have played in these tournaments for close to 20 years and to have had DC be a major participant for nearly 10 and then suddenly no participation at all for many years, was to say the least, frustrating. Now with new and talented players that want what I have wanted for many years (commitment) hopefully DC can once again be a team that earns respect each time we take the court.

"On a personal level the visit to the National Civil Rights Museum was in one word "TRANSFORMING". It's a part of history everyone should know about.
